WOOL.

ST. LOUIS.

St. Louis, Aug. 16.—Wool, firm. Territory and western mediums, 18@23; fine mediums, 17@20; fine, 14@17.

BOSTON.

BOSTON.

Boston, Aug. 16.—Tracing in the local wool market continues quiet and the volume of business appears to be decreasing. Prices, however, are still strong. The principal call seems to be for % grade of fleece, as well as fine territory staples. Ohio quarter-blood sells for 28a% to 25, while fine staple territory brings 64 to 65 cleaned. Some California scoured springs wool is selling on a basis of 55 to 55, while six to eight months Texas is moving at 53 to 55. Pulled wool continues dull, but the foreign product is in some demand.

# MINING, BUSINESS AND STOCKS.

# STREHLKE LEASE SHIPS TO SALT LAKE

Car Sent Out Averages Up Very Rich In Copper, Will Employ More Men.

Strehike's bonanza strike of high grade copper ore in his lease on the North Star claim of the Ely Calumet continues to show up as large as ever, and 40 tons of ore that will average about 25 per cent copper and an equal amount of iron were extracted in three days this week by two men. That the amount was not greater is due to the smallness of the ore bin and the inability to get teams to haul the ore to East Ely for shipment to Salt Lake. A 50-ton car will be shipped as soon as teams can be secured and probably another car will be shipped immediately following, says the Ely Expositor.

The strike has every indication of continuing large and permanent and within a few days more men will be employed and the output greatly increased. While work for the first day or two after finding the immense ore body failed to disclose the dip of the ledge, the tunnel was continued through the ore and encountered the hanging wall of iron, proving the ledge to be nearly 10 feet wide and all high grade ore. Sinking was commenced and the ore

Sinking was commenced and the ore three feet below the tunnel level was of the same character and the ledge continued as strong as that above. Timbers will be placed around the collar of the winze when room is made for them to accommodate a windiass and then men will follow the ore down to prove its extent and dip. At the same time other miners will be set to work following the ore on the tunnel level to develop the length of the ledge.

When the depth, dip and strike of the ore shoot are determined in the winze and drift from the tunnel it is the expectation of Mr. Strehke to put men to work in the tunnel 90 feet lower down the hill which the company drove in search of this ledge that was thought to dip in a different direction from the true dip as exposed in Strehlke's workings in the upper tunnel. The lower tunnel is in several hundred feet and was run last winter on company account. Mr. Strehlke hundred feet and was run last winter on company account. Mr. Strehlke was in charge of the work at that time and advised following the ore showing in the upper tunnel, but his suggestion was unheeded. Now he is thankful it was, for he has shipped one car that carried 21.7 per cent or 434 pounds of copper to the ton. The net weight of the car was 23.32 tons and at 12 cents a pound for the copper the gross weight value of the car was \$1,214.50. This ore was extracted in four weeks while was extracted in four weeks while driving the tunnel a distance of about 20 feet where the main ledge was

### SOUTH COLUMBUS ACTIVE.

Prices Hold Up Well on Local Stock Market.

Apparently there is more behind the steady improvement in stocks than a manipulation. For more than a week there has been a steady accumulation of stocks by outsiders, and buying orders have been more plentiful than at any time in months. Eastern conditions ave also been favorable in spite of that Wall street has had to say. Cedar Tallsman sold at 10½ cents and

Cedar Tallsman sold at 10½ cents and there was no stock out when a bid of 11 cents was made on the open board. Loose stock is very readily taken up in nearly all securities. Colorado was again up to 43 cents. Columbus Consolidated was not as active as usual this morning although it was at 88 cents. Iron Blossom was also quiet around 79

and 78 cents.

South Columbus Consolidated was the active security on the exchange today. It is reported that a good strike has been made at the property and this has caused a number of buying orders to come it. The stock opened at 10th cents. come in. The stock opened at 101/2 cents and reached 14% cents before the close. Quite a bunch of stock was disposed of. The total number of shares that crossed the rail this morning was 28,394,

while the amount paid out was \$10,-On the curb market Opex was hung over the fence and after a large number of small orders were filled, the stock refused to move. The stock opened at 40 cents, but refused to move beyond 41 cents. There was heavier trading in the stock than usual. The sales on the curb market this morning were: 500 shares of McDonald Ely at 10 cents; 3,500 shares of Opex Consolidated at 41 cents; 1,700 at 40½ cents and 5,600 at 40.

#### FILE MINING DEEDS.

(Special to The News.) Provo. Aug. 16 .- The following mining deeds have been filed with the county recorder:

G.W. Speerry et al. to John Cleghorn, an undivided one-half interest in the Belorophan mining claim in American Fork canyon; consideration \$100 and other valuable consideration.

John Cleghorn et al. to the Belorophan Mining company for the Bog Iron, Bog Iron No. 2, Willard, Horseshoe, (unpatented) and Belorophan (patented) mining claims in American Fork canyon, consideration \$10, and other valuable consideration.

### CONCENTRATES.

Tonopah Mining opened 663 feet of new ground last week. National has a newspaper, The Miner, published by Ray D. Harris.

Capt. Duncan MacVichie has returned from a professional trip to Montana. The new experimental mill at the Inspiration property in Arizona is nearly completed.

Manager William Owens of the Eagle and Blue Bell company at Tintic was in the city yesterday.

A five-foot vein of \$40 gold ore is reported at the Carson property eight miles from Yerington.

The Black Rock property near Yerington has been sold to Wisconsin people who will develop same.

W. C. Orem, managing director of the Nevada Douglas and the Nevada Cop-per Belt railroad, has returned from a trip to Yerington.

J. W. Carlton, a mining engineer, has returned from a trip to examine the Silver Island Coalition company's property at Silver Island.

The Bell property at National was the scene of a rich strike a few days ago. An assay of the rock showed values of \$16.000 per ton.

Two more flowing wells have been brought in near Las Vegas where artesian water is being developed in large quantities to irrigate the desert soil. E. A. Lundquist, general manager of the South Utah Mines and Smelters, was in the city yesterday arranging freight rates for the hauling of ore

from the mine to the International smelter at Tooele.

The Jones gypsum deposits at Gerlach, on the Western Pacific railway, are said to be the largest in the United States, containing from 10 to 20 millions of tons of gypsum, which is 96 per cent pure. The properties are owned by Nevadans. The material can be mined with a steam shovel.

It has been decided to use diamond drills in the shaft of the Tintic Stand-ard as soon as it reaches the 1,000-foot level. Manager Raddatz believes that the shaft is deep enough for ore bodies and that the drills could do the work much quicker and cheaper. The shaft is now down 970 feet and in a few days the drills will be put or the drills will be put on.

It is understood that the ore supposed It is understood that the ore supposed to have been struck in Opex ground is in Centennial-Eureka territory and is now being shipped by the latter. The ore carries about \$42 in gold and from 4 to 5 per cent copper. The management of the Opex expects to get the ore on the 2,100 level as the dip of the body is into Opex ground.

> Pioneer Roofings. Sold, laid and guaranteed by LAMBERT PAPER CO.

### NEW INCORPORATIONS.

The London Guarantee and Accident ompany of London, England, filed a of its articles of incorporation with the secretary of state this morn ng appointing E. P. Perrine of Salt Lake City, the state agent. The com-any is capitalized at 250,000 pounds.

.04 .05
2.25 2.40 Articles of incorporation of the Glendale Euitable Mercantile company of Glendale, Kane county, Utah were filed with the secretary of state this morning, the capital of the company being placed at \$25,000, in shares of \$1 each.

The officers are R. G. Jolley, president;
J. W. Hopkins, vice president, and James Smith, S. Brinkerhoff, W. J. Swapp, Alonzo Harris and Jacob Smith, additional directors.

## **EXPECT BIG ACTIVITY** IN BEAVER COUNTY

Much Development Going on and Some Wonderful Disclosures Will Be Made, Says Broker,

Beaver county's citizens expect great activity there within the next year or so and they have plenty of reason to think so," says W. B. Albertson, a local broker, who has just returned from an inspection of some properties there. He declares that the properties there. He declares that there are more men working there than ever before and greater strikes are being made in the mining field than most people are aware of.

"I did not have a chance to inspect the mines as I would have liked to, but what I did see of the country looked good to me." Some his developments are expect-

"Some big developments are expected at the Majestic within the next two weeks, but just what they will be I do not know. They are blocking out immense ore bodies there.

"The Lady Bryan and Hub mines are becoming wonders. They are both

"The Lady Bryan and Hub mines are becoming wonders. They are both blocking out excellent bodies of ore. The Red Warrior is shipping right along and has one of the largest ore bodies in the country. A large force of men is at work and there is also some activity at the St. Mary.

"Every person in Beaver county seems enthusiastic over the future. All the mines are going to depth and getting excellent results. The Majestic I understand is getting richer and larger ore bodies below the 600-foot level. All the mines are getting excellent results below the 500-foot levels as well as above.

as well as above.

as well as above.

"Some wonderful mines are being opened up. As a lead-silver district I think it will develop into one of the largest Utah has ever known."

Chicago. Aug. 16.—Wheat opened weak today with prices 1s to 1s off. Contributing factors to the bearish market were weakness in practically all the foreign grain centers, abundant domestic receipts and a suggestion of overstock at certain points.

Liquidation, largely in the nearer deliveries was in evidence in the first hour, and prices hugged the low points. September opened a shade to 1s to 1s 10 % off at 1.02 to 1.01% and dropped in the first hour to 1.01% steadying at about

DIRECT WIRES - CHICAGO-NEW YORK AND BOSTON.

the bottom. December sagged slightly more than September.

Corn prices were also depressed at the start, dropping from \( \) to \( \) and sinking still lower in the first hour as reports from different sections of the corn belt were received, telling of rainfalls. The tenor of most of the messages was that a good crop is now assured. Frominent packing and commission interests were credited with buying on the dips. Steadying the market somewhat. September opened \( \) to \( \) 1 lower at \$23\times\$ to 63 and slanted down to \$2\times\$, resting at \$62\times\$.

The distant futures moved down more deliberately.

Oats opened a shade to \( \) off and wavered but slightly in the first hour despite the large receipts. Commission houses sold, but met with ready purchasings. Opening figures for September were \( \) to \( \) off at 36\times\$ to \( \).

Provisions advanced responsive to decreased arrivals in the packing centers and an advance of \( \) in the price of live hogs. Pork was the most active product and gained from \( \) to the September were light. Opening prices for the September hogs. Pork was the most active product and gained from \( \) to \( \) to \( \) 1.3\( \) off etlings were light. Opening prices for the September products were: Pork, 21.7\( \) off-17\( \) up; lard, 11.9\( \) 5\( \) dight, 12.0\( \) to higher. Wheat—An increase of more than \$0.00\( \) oushels in the world's visible supply caused further selling. Later the market recovered, and the early losses were more than regained. The close was firm, with September a shade up at 1.02\( \) to \( \) 4\( \) at \( \) up at 1.05\( \) at \( \) to \( \) to \( \) while

December closed % 2 % to % 2 % up at 1.65% 6 %. White Corn—The close was steady with September 1% to ¼ off at 63% to ½, white December closed ¼ 2 % to % 2 ½ up at 61% to ¼ 2 %. ### HOTEL GOSSIP

Mrs. L. D. Farnsworth and her daughter, Miss Gladys C. Shields of San francisco, are guests at the Moxum, having just returned from a trip to New York City, and are on their way home. Mrs. Farnsworth is a daughter-in-law of L. H. Farnsworth, cashier of the Walker bank, of this city.

Miss Myrrel McClure and Miss Alice M. Dice, both of Oklahoma City, Okla., were at the Moxum, Monday, on their way to visit the coast. G. Gallagher of Chicago and T. M. of Ashland, Ky., are at the Adam Knutsford.

George W. King of Portland, Or., Herman Lerch, Mr. and Mrs. M. D. Buley of Denver, Mr. and Mrs. H. I. Emerson of Pocatello, Dr. A. A. Prcwn-ing and John Scowcroft of Ogden, Mr. and Mrs. John C. Baugh of Hailey, Ida., are at the Semloh.

Justin C. Wixom, one of the old In

dian fighters of early days, is down from Brigham City. J. W. Johnson of Prove and D. F. Cluff of Butte are at the Wilson.

Miss Gertrude D. Wood of Park City is visiting a few days in the city, a guest at the New Windsor.

J. F. McAfee of Topeka, Kansas, J. W. Allen of Denver and C. H. Spriggs of Park City are at the Moxum.

Mr. and Mrs. J. Fenlon of New Or-leans are at the New Windsor, having leans are at the New Windsor, having just come down from visiting the national park. "We saw elk, deer and 30 bear," declared Mr. Fenlon; "in fact, I saw more live things up there than I ever thought lived out of doors. It was great, indeed. This was the first time we had slept in a tent, and the first night it rained. We had many novel experiences, but the trip is worth a fortune."

Mabel L. Reed of Elko, Nev., and Blanche N. Young of Lovelock, Nev., are at the New Windsor, on their way home from an extensive trip through the east.

Lamar Nelson has returned from a business trip to Blackfoot and I laho Falls, where he reports everything in an apparent prosperous condition among the farmers and business men. Miss Maggie Hougaard of Mt. Pleas-ant is visiting in Salt Lake, a guest at the New Windsor.

Dr. and Mrs. G. W. Terrell of Kays-ville were at the New Windsor Mon-day. The doctor has gone to Denver on

### **NEBRASKA STATE-WIDE** PRIMARY ELECTIONS

Omaha, Neb., Aug. 18.—A state wide primary election is being held through-out Nebraska today to nominate officials from United States senator down to the smallest county office. While Omaha and Lincoln are the two principal centers of

smallest county office. While Omaha and Lincoln are the two principal centers of interest, the voting in the less thickly populated sections of the state will be a distinct factor in the general result. Definite figures are hardly expected before Wednesday night.

Mayor Dahlman wound up an aggressive campaign in this city with a dozen speeches, the last of which was not finished until late in the night. Other candidates put the finishing touches on their canvass in less spectacular fashion but with equal enthusiasm.

The congressional race in the First and Second districts has been the most interesting. Seey. Hayward of the Republican national committee, is a candidate in the First district and some profess to believe that the Republican following of Democratic candidates for state offices will impair his chances, since many consider the state offices of greater importance. In the Second district Judge Abraham Lincoln Sutton, "Progressive Republican," threatens the chances of Charles L. Saunders for similar reasons.

With both parties divided on the question of county option and the insurgent strength showing itself in the Republican party, new conditions have arisen which prevent either side from making serious prediction of the final results.

### **COSTS \$7.000 A DAY** TO FIGHT FOREST FIRES

Washington, Aug. 16.-Because of the serious forest fire situation in the new Glacier national park in Montana, Acting Secy. Pierce of the interior department today requested Chief Clerk Ucker, who now is in the Yellowstone national park on a tour of inspection, to go to the new park and assist Supervisor Logan in handling the situation. Because of the extensive acreage it is difficult for one man to supervise the fighting of the fires.

The cost of fighting the fires on the national forests in the Missoula district, comprising Montana, northern Idaho and Wyoming, is \$7,000 a day, according to estimates received by the forest service here.

This will create a deficit in the appropriation of \$135,000 made at the last session of Congress for fighting forest fires during the current fiscal year. It is not believed here that the situation will be materially relieved until the advent of rain. erious forest fire situation in the new

#### FLORISTS' CONVENTION. Rochester, N. Y., Aug. 16 .- With

nearly 1,500 delegates present, the twenty-sixth annual convention and flowe ty-sixth annual convention and flower show of the Society of American Flor-ists and Ornamental Horiculturists opened here today. The convention will continue until Friday.

### CALIFORNIA PRIMARY ELECTION

San Francisco, Aug. 16 .- Fine weathe brought the voters to the polls early, and in some precincts of this city half of the registered vote had been east by noon. Similar conditions prevail throughout the state. Despite the activities of precinct workers from rival camps, not an instance of disorder had been reported up

#### TENNESSEE REPUBLICANS.

Notable Feature of Nashville Convention Is Absence of Negro Delegates.

Nashville, Tenn., Aug. 16.-The Repubican state convention met here today to nominate a candidate for governor in op-position to Gov. Malcolm R. Patterson, the Democratic nominee, and to name a candidate for railroad commissioner for West Tennessee. A notable feature of the convention is the scarcity of negro dele-

gates.

It developed early that the Sharp and Overall forces have gone over to Ben W. Hooper of Newport, East Tennessee, for governor. It is claimed this practically insures Hooper's nomination.

Peach Day at Brigham-J. Edward Peach bay at Dogs.

Mangum, editor of the Boxelder Journal, is in Salt Lake today in the interest of the "peach day." Peach day occurs on Wednesday, Sept. 7, and Mr. Mangum says Brigham City will excel all previous efforts in her celebration of the annual peach festi-
